10th Annual Report 2013-14

## Forward-looking statement

In this Annual Report we have disclosed forward-looking information to enable investors to comprehend our prospects and take informed investment decisions. This report and other statements – written and oral – that we periodically make contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipate', 'estimate', 'expects', 'projects', 'intends', 'plans', 'believes', and words of similar substance in connection with any discussion of future performance.

We cannot guarantee that these forward-looking statements will be realized, although we believe we have been prudent in assumptions. The achievement of results is subject to risks, uncertainties and the underlying assumptions undergoing change. Should known or unknown risks or uncertainties materialize, or should underlying assumptions not materialise, actual results could vary materially from those anticipated, estimated or projected. Readers should bear this in mind.

We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

# EVOLVE TO RACE AHEAD

# EVOLVE TO LIVE UP TO EXPECTATIONS

## VISION

To create and manufacture a customized range of yarns, which are new and innovative, trendy and appealing, yet economical and excite the garment and retail chains both in India and worldwide.

## THE DAYS AHEAD

We aspire to evolve continually. The Company plans to increase its Melange Production in the existing facilities by about 50%. For this the Company is taking necessary steps to increase its fibre dyeing capacity already. The Company is also looking to expand in other value added products in the wet spinning route.

## MISSION

To achieve a zero defect goal while surpassing our vision and to upgrade our research and development, manpower, production, marketing skills, managements at all levels of production to achieve this mission.

The background features a stylized world map in light grey. Overlaid on the map are several large, semi-transparent circles in blue, green, and orange. In the bottom left corner, there is a close-up photograph of colorful yarn skeins in shades of pink, red, and green.

# OVERVIEW

The Company has recently launched its Product card / Business brochure – 'Passion for Fashion' with Fashion Yarn collections such as Triblend, Denim look, Dots / Neps, Streaks / Irregular Patterns, magic yarns.

Dear shareholders,

**It's a matter of pride that our Company has grown from a humble 6,000 spindle in 1962 to a 1,11,840 spindle-facility.**

Leveraging a legacy of more than half-a-decade (52 years), we have added value to our product basket by introducing fashion yarn collections comprising Triblend, Denim look, Dots/Neps, Streaks/Irregular patterns, magic yarns.

With over a million kilos of yarn manufactured every month powered by a passion to produce and deliver the best in the world within a strict deadline. Small wonder that today Rajvir has an evolved library of over 6,000 mélange/ heather shades and a range encompassing 100 per cent cotton combed yarns, blended yarns (polyester and viscose with combed cotton), mélange/heather yarns, modal yarns, synthetic yarns and cheese dyed yarns.

The cotton & blended yarn industry witnessed a triple-digit growth in profits in the first three quarters of 2013-14. However, the industry turned loss-making in the quarter ended March 2014. Inability to pass on the burden of high input costs to its consumers took a toll on industry's profits. The same situation prevailed even in the June quarter of the current fiscal. Despite a healthy growth in sales, the industry

incurred loss at the net level during the quarter.

Aggregate net sales of the 78 companies in our sample grew by a healthy 11.1 per cent y-o-y in the June 2014 quarter. This was a broad-based growth with 46 companies posting higher sales. The growth in sales was supported by a healthy demand for yarn from the domestic fabric and integrated apparel manufacturers.

During the quarter ended June 2014, prices of inputs such as cotton and synthetic fibres rose by upto 20 per cent as compared to a year ago. At the same time, yarn prices, too, averaged 4-11 per cent higher. However, this could only partially set-off the rise in input prices. As a result, raw material expenses of the industry increased by 21.6 per cent during the quarter, much faster than the growth in sales. Proportion of raw material expenses in total sales surged by 570 basis points to 66.5 per cent.

Besides, wage bills and other expenses rose by 8.6 per cent and 3.9 per cent, respectively. Therefore, the industry's total operating expenses grew by 16.6 per cent, faster than the growth in sales. Hence, the industry's core operating profit declined by 20.7 per cent during the quarter. This was the second successive quarter of fall in profit. Operating profit margin contracted by 410 basis points to 10.1 per cent.

Poor profit performance in the industry was across the board. While 23 companies reported a decline in net profit, 36 recorded losses during the June 2014 quarter. Cumulative net profit of the large-sized segment (having quarterly revenue more than ₹4 billion) comprising of three companies declined by 39.2 per cent.

The pack of 22 mid-sized companies (having

quarterly revenue between ₹1 billion and ₹4 billion) posted a cumulative net loss equivalent to 3.7 per cent of its total income.

Net loss margin of the 53 small-sized companies (having quarterly revenue less than ₹1 billion) stood at 2.5 per cent of the total income.

The Indian textile industry contributes approximately 14 per cent to the industrial production, four per cent to the country's Gross Domestic Product (GDP) and 17 per cent to the country's forex. It's the second largest source of employment (35 million people) after agriculture.

The domestic consumption of man-made fibre is expected to grow at a CAGR of 5.8 per cent from 2,802 tonnes in FY 12 to 3,717 tonnes in FY 17. The share of man-made fibre is expected to increase from 41 per cent in FY 11 to 45 per cent in FY 17. With this the Indian textile industry (predominantly cotton-based industry) would inch towards the global benchmark where the share of the man-made fibre is 62 per cent.

Furthermore, the demand of blended yarn is expected to register a growth rate faster compared to cotton and 100 per cent non-cotton year in the next five years. The demand for blended yarn is expected to grow at a CAGR of 12.4 per cent over the period of FY12-FY17. The cotton yarn and 100 per cent non-cotton yarn is expected to grow at a CAGR of below 10 per cent. The demand of yarn would come from both domestic and international markets. At Rajvir Industries we are well-placed to capitalise on a correcting under-consumption and a warmed up investor sentiment for us.

### An eclectic mix and latest technologies –

A library comprising a diverse range of products is a testimony to the Company's evolution over the years. Quality is not an obligation but a practice. The vast range of yarns includes fashion yarn collection, exotic blends with animal hair collection, classic collection and technical textile yarn collection.

# Management Discussion & Analysis

## Introduction

India is one of the World's largest producers of textiles and garments. Abundant availability of raw materials such as Cotton, Wool, Silk and Jute as well as skilled workforce have made the country a sourcing hub. It is the World's second largest producer of textiles and garments. The Indian textiles industry accounts for about 24 per cent of the World's spindle capacity and 8 per cent of global rotor capacity. The potential size of the Indian textiles and apparel industry is expected to reach US\$ 223 billion by 2021, according to a report by Technopak Advisors.

## Opportunities and Threats

### Strength:

- A strong R&D engaged in developing new fashion yarns as per the latest market trends and requirements Worldwide.
- Highly skilled and efficient technical production team at the plant level
- High flexibility in the production facility thereby enabling change in the product mix rapidly adhering to the ever changing market requirements.

### Weakness:

- Logistics – Longer lead times for delivery in yarns, both to domestic markets up north as well as to countries such as South America and Central America, which is always challenging as it hinders garment producers shorter lead times to complete their garment deliveries for good brands.
- Restricted availability of fancy fibres such as Cashmere, Angora and Wool within India forces the company to buy these fibres from around the World thereby increasing the lead times of exotic yarns to customers Worldwide.

### Opportunities:

- Global brands are continuously looking to source new fashion yarns

to keep their product range trendy and fresh. Your company has built a strong R&D department in each of its spinning units for developing these new trendy fashion yarns and continuously develops new fancy yarns for leading retailers Worldwide.

### Threat:

- New fancy yarns introduced by the Company are invariably duplicated by competitors in the industry, who then offer similar products at relatively lower prices. As this is inevitable the Company keeps introducing newer and fancier products regularly in the market.

## Productwise Performance

The Company is supported by several important retailers, brands and chain stores Worldwide as a designated fashion yarn supplier. These brands share their fashion forecast with the Company which helps the Company in creating a line of products similar to the fashion forecast provided by the brands and retailers Worldwide. Other than the forecasts that are shared by these retailers the Company also develops several new yarns of its own which are also showcased to various brands, retailers and chain stores Worldwide as new fancy products.

The Company works directly with the design teams of these fashion brands in the US, UK and European market. This gives the Company an edge in showcasing all its new developments to the best brands Worldwide.

Several new products have been introduced by the Company in three different categories:

1. Raw white fashion yarns in blends of cotton and other fibres
2. Melange/heather fashion yarns
3. Fashion yarns in non-cotton blends suitable for women and children

One can view these products of the Company at its website as well.

## Outlook

The textiles industry has made a major contribution to the national economy in terms of direct and indirect employment generation and net foreign exchange earnings. The sector contributes about 14 per cent to industrial production, 4 per cent to the gross domestic product (GDP), and 27 per cent to the country's foreign exchange inflows. It provides direct employment to over 45 million people. The textiles sector is the second largest provider of employment after agriculture. Thus, the growth and all round development of this industry has a direct bearing on the improvement of India's economy.

Your Company while concentrating on increasing its export earnings is also trying to boost its revenue in the domestic market through large garment exporters with its range of fashionable and trendy yarns.

The Company has even been recognized by one of the best retailers of the UK market, M/s. Marks & Spencer for producing large volumes of yarn with sustainable cotton i.e., a variety of cotton produced with use of optimal resources namely Better Cotton Initiative.

The Company continues to participate in important fashion exhibitions worldwide to showcase its fancy yarn production and improve its export revenue.

## Internal Control System

An adequate internal control system and procedures established by the Company in which an Independent Chartered Accountant has been appointed to carry out the internal Audit work. The internal controls are regularly checked by Internal Auditors who have access to all relevant records and information of the Company. The corrective

measures, wherever necessary are undertaken by the Board and Management as per the recommendations made by the Internal Auditors.

## Discussion on Financial Performance with respect to Operational Performance

The Company achieved an export turnover of ₹47.28 crores during the Financial Year 2013-14. During this period the exports were effected to 42 countries worldwide. During the Financial Year 2014-15 due to launch of new products and entry into new international markets, the Company expects to achieve an export turnover of ₹95.00 crores.

## Material Developments in Environment and Human Resources / Industrial Relations

# Financial section

# Independent Auditors' Report

To  
The Members  
RAJVIR INDUSTRIES LIMITED.

## Report on the Financial Statements

We have audited the accompanying financial statements of RAJVIR INDUSTRIES LIMITED ("the Company"), which comprise the Balance Sheet as at March 31, 2014, and the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956 ("the Act") read with the General Circular 15/2013 dated September 13, 2013 of the Ministry of Corporate Affairs in respect of Section 133 of the Companies Act, 2013. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Basis of Qualified Opinion

The Company has recognised in 'Other non-operative Income' towards interest under TUFs receivable amounting to ₹1,210.41 lakhs for the period 2006-07 to 2010-11 (refunded in earlier years), in view of the favorable judgment of competent court, which is yet to be determined by appropriate authority and realized and therefore in our opinion the income should not have been recognized being a contingent asset as per Accounting Standard 29. Had the income would not have been recognized during the year ended 31st March, 2014, the loss for the year would be increased by ₹1,210.41 lakhs, reserves would be decreased by ₹836.39 lakhs, net deferred tax liability would be

decreased by ₹374.02 lakhs and earnings per share would be decreased by ₹27.56 for the year ended.

## Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the Basis for Qualified Opinion paragraph, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2014;
- (b) in the case of the Statement of Profit and Loss, of the Loss for the year ended on that date; and
- (c) in the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

## Emphasis of matter

We draw attention to note No. 2.30 to the financial statements, regarding the balance outstanding to the debit or credits in the accounts of the parties are subject to confirmation and review by the management.

Our opinion is not qualified in respect of this matter.

## Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2003 ("the Order") issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Act, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.
2. As required by section 227(3) of the Act, we report that:
  - a. we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
  - b. in our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books and proper returns adequate for the purposes of our audit have been received from branches not visited by us;
  - c. the Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account and with the returns received from branches not visited by us;
  - d. in our opinion, the Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement comply with the Accounting Standards referred to in subsection (3C) of section 211 of the Companies Act, 1956 read with the General Circular 15/2013 dated September 13, 2013 of the Ministry of Corporate Affairs in respect of Section 133 of the Companies Act, 2013 except AS - 29;
  - e. on the basis of written representations received from the directors as on March 31, 2014, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2014, from being appointed as a director in terms of clause (g) of sub-section (1) of section 274 of the Companies Act, 1956.

# Annexure to Auditors' Report

## (Annexure referred to in Point 1 of Other Legal and Regulatory Requirements of the Report of the Auditors)

1. a) The company has maintained proper records to show full particulars including quantitative details and situation of fixed assets.
- b) As explained to us, the fixed assets have been physically verified by the management at reasonable intervals, in a phased verification programme, which, in our opinion, is reasonable, looking to the size of the Company and the nature of its business. According to the information and explanations given to us, discrepancies noticed on physical verification have been properly dealt with in the books of account;
- c) In our opinion, and according to the information and explanations given to us, no substantial part of fixed assets has been disposed off by the company during the year.
2. a) The inventory has been physically verified during the year by the management except the stock lying with the third party (consignment agent). In our opinion, the frequency of verification is reasonable.
- b) The procedures of physical verification of inventories followed by the management are reasonable and adequate in relation to the size of the company and nature of its business.
- c) The company is maintaining proper records of inventory. The discrepancies noticed on verification between the physical stocks and the book records were not material.
3. a) The company had not granted any loans, secured or unsecured to companies, firms and other parties covered in the register maintained under Section 301 of the Companies Act, 1956.
- b) In view of our comment in paragraph 3(a) above, reporting under clause 4(iii) (b), (c) & (d) of the aforesaid order are not applicable to the Company.
- c) During the period, the company had taken unsecured loans from eight parties (Previous year: eight parties) covered in the register maintained under section 301 of the companies Act, 1956 and the maximum amount involved during the period was ₹181.57 lacs (Pr. Year ₹417.73 lacs) and the period end balance is ₹117.58 lacs (Pr. Year ₹102.43 lacs).
- d) In our opinion the rate of interest and other terms and conditions on which loans have been taken from the companies, firms and other parties listed in the register maintained under section 301 of the Companies Act, 1956 are not prima facie prejudicial to the interest of the Company.
- (e) In our opinion and according to the information given to us, there is no stipulation of repayment has been made for long term loans from the companies, firms and other parties listed in the register maintained under section 301 of the Companies Act 1956 and further interest accrued on the loans remained unpaid.
4. In our opinion and according to the information and explanations given to us, there are adequate internal control procedures commensurate with the size of the company and the nature of its business with regard to purchase of inventory, fixed assets and with regard to the sale of goods and services. Further, on the basis of our examination of the books and records of the

company, and according to the information and explanations given to us, we have neither come across nor have been informed of any continuing failure to correct major weaknesses in the aforesaid internal control procedures.

## Significant Accounting Policies:

### 1.1 Basis for Preparation of Accounts:

The Accounts have been prepared by following the going concern concept, on historical cost convention, on an accrual basis and the relevant provisions of the Companies Act, 1956.

### 1.2 Revenue Recognition:

- Revenue from sale of goods is recognized when significant risks and rewards of ownership are transferred to the customer.
- Revenue is recognized when it is earned and no significant uncertainty exists as to its Realization or collection.
- Income from services rendered is accounted as per contractual terms with the parties concerned.
- Dividend income is accounted for in the year in which it is declared.
- Export benefits under the duty remission scheme and the DEPB scheme are recognized as income when the right to receive the incentive as per the terms of the scheme is established in respect of the exports made.

### 1.3 Expenditure:

Expenses are accounted for on an accrual basis and provision is made for all known losses.

### 1.4 Fixed Assets:

- Fixed assets are stated at cost less accumulated depreciation and impairment loss if any, except for Plant & Machinery and other equipment which were revalued on 31.03.1993 and shown as a separate item.
- Depreciation has been provided on assets on Straight Line method at the rates and in the manner specified in Schedule XIV of the Companies Act, 1956.
- Depreciation on revalued part is transferred from Revaluation Reserve to Profit & Loss account.
- All costs, including financing costs till commencement of commercial production, net charges on Foreign exchange contracts and adjustments arising from exchange rate variations attributable to fixed assets are capitalized.

### 1.5 Inventories:

Inventories are valued as follows:

Raw Material	At lower of cost or net realizable value.
Work in process	At lower of cost or net realizable value.
Stores & Spares	At lower of cost or net realizable value.
Finished Goods (Yarn)	At lower of cost or net realizable value.

Cost of raw-material, stores & spares and packing material and trading goods is determined on Weighted Average basis.

Cost of Work in process includes costs of raw material, conversion and other costs incurred in bringing the inventories to their present location and condition. Cost formulae used is on FIFO basis.

Cost of finished goods (yarn) includes costs of raw material, conversion and other costs incurred in bringing the inventories to their present location and condition.

### 1.6 Employee Benefits:

The company has adopted Accounting Standard-15 (Revised 2005) 'Employee benefits'. The company has used the Projected unit credit method for arriving at gratuity liability.

- Defined contribution schemes:
  - Employee Provident Fund
  - Family Pension Scheme
  - Employee State Insurance Scheme
  - Labour Welfare Fund
- Defined benefit Schemes:
  - Gratuity plan – Gratuity is payable to all eligible employees of the company in terms of the provisions of the Payment of Gratuity Act.
  - Leave Encashment Plan – Eligible employees can carry forward and encash leave on superannuation death/resignation subject to maximum accumulation of 15 days.

### 1.7 Foreign Exchange Transactions:

- Foreign currency transactions are accounted at the exchange rates prevailing at the date of the transaction. Monetary assets and liabilities relating to Foreign currency transactions remaining unsettled at the end of the year are translated at the year end rate and the difference in translation and realized gains and losses on Foreign exchange transactions (other than for fixed assets) are recognized in the profit and loss account.
- Pursuant to adoption of the Companies (Accounting Standards) Rules, 2006 exchange differences arising on settlement or restatement of foreign currency denominated liabilities relating to the acquisition of fixed assets are recognized in the profit and loss account.

## Significant Accounting Policies:

- c) Any income or expense on account of exchange difference either on settlement or on translation is recognized as Revenue.
- d) In case of forward contracts, the exchange difference between the forward rate and the exchange rate at the date of transaction is recognized as income or expense over the life of the contract.

### 1.8 Derivative transactions

In respect of Derivative contracts, premium paid and provision for losses on restatement and gains/losses on settlement are recognized along with the underlying transactions and charged to Profit & Loss Account.

### 1.9 Taxes on Income

The Current charge for income taxes is calculated in accordance with the relevant tax regulations applicable to the Company on the computed total income for the year.

Deferred Tax assets and liabilities are recognized on timing differences between taxable income and accounting income, originating in one period and expected to reverse in subsequent periods.

The Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted as on the Balance Sheet date.

Minimum alternative tax (MAT) under the provisions of Income Tax Act 1961 is recognised as current tax in the statement of Profit and Loss.

The Credit available under the Act in respect of MAT paid is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal Income Tax during the period for which the MAT credit can be carried forward for set - off against the normal tax liability.

MAT credit recognised as an asset is reviewed at each Balance Sheet date and written down to the extent the aforesaid convincing evidence no longer exist.

### 1.10 Borrowing Costs:

Borrowing costs are recognized as expenses in the period in which they are incurred except for borrowings for acquisition of qualifying assets which are capitalized upto the date, the asset is ready for its intended use.

### 1.11 Government Grants:

Grants and subsidies are recognized when there is a reasonable assurance that the grant or subsidy will be received and that all the underlying conditions will be complied with.

Grants and Subsidies related to specific fixed asset is shown as deduction from the gross value of the asset concerned and subsidies not related to specific fixed asset are treated as Capital Reserve.

### 1.12 Deferred Revenue Expenditure:

Deferred revenue expenditure, the benefit of which is accrued to the company over a period of time, is written off in 10 years.

### 1.13 Segment Reporting:

The operations of the company predominantly comprises of "Manufacturing of yarn". These activities constitute the Primary segment and is the only reportable segment.

### 1.14 Leases:

The Company's significant leasing arrangements are in respect of Operating leases for premises like operational units, offices, residences etc. These leases which are not non-cancelable are generally for more than 11 months, or for longer period and are usually renewable by mutual consent on mutually agreeable terms. The aggregate lease rentals payable are charged as Rent to Profit and Loss Account.

### 1.15 Impairment of Assets:

The carrying amounts of assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such an indication exists, then the carrying value is reduced to the higher of the net selling price or the value in use. The value in use is the present value of estimated future net income expected from use of the asset.

### 1.16 Provisions/Contingent Liabilities:

Provisions are recognized, when the Company has a present legal or constructive obligation, as a result of past events, for which it is probable that an out flow of economic benefits will be required to settle the obligation and a reliable estimate can be made for the amount of the obligation. The disclosure is made for all present or possible obligations that may but probably will not require outflow of resources as contingent liability in the financial statements.

Dear Shareholder,

## Re: Green Initiative in Corporate Governance: Go Paperless

The Ministry of Corporate Affairs (MCA) has taken a "Green Initiative in Corporate Governance: (Circular No.17/2011 dated 21.04.2011 and Circular No.18/2011 dated 29.04.2011) allowing paperless compliances by Companies through electronic mode.

Your company welcomes this move and strongly recommends to all the shareholders to opt for this type of communication. This will also ensure prompt receipt and avoid loss of paper-documents in transit. Some of the shareholders have already registered their e-mail addresses. There are many shareholders who have not yet registered their e-mail addresses.

Keeping in view the underlying theme members are requested to support green initiative by registering/updating their email id address in respect of shares held in dematerialisation form with respective Depository Participants (DP's) and in respect of shares held in physical form update with our registrar (RTA's) by sending email to :xlfield@rediffmail.com or send requests to M/s XL Softech Systems Limited, 3, Sagar Society, Road no.2, Banjara Hills, Hyderabad – 500 034, along with Folio Number.

## National ECS/Electronic Clearing Service (ECS) for payment of Dividend

To

**The Shareholders**

**M/s. Rajvir Industries Limited**

The Company has introduced NECS/ Electronic Clearing Service (ECS) for payment of dividend. This would facilitate the shareholders to obtain the dividend electronically and the payment would consequently be faster and loss of dividend instrument in postal transit would be eliminated. Under this method, the Company would issue payment instructions to the Clearing House of Reserve Bank of India through the Bankers of the Company. The Clearing House would furnish to the service branches of the destination banks branch wise credit reports indicating the beneficiary details such as names of the branches where the accounts are maintained, the names of the beneficiaries, account type, account numbers and the respective amounts. The service branch in turn would pass the advices to the concerned branches of their bank, which would credit the beneficiary's accounts on the appointed date. An advice of remittance would be sent by the Company to the shareholders opting for electronic transfer.

Considering the benefits derived in NECS/ECS for payment of dividend, shareholders are advised to avail this facility. Securities and Exchange Board of India and the Ministry of Company Affairs, Government of India, have made it mandatory on the part of the companies to offer NECS/ECS facility, wherever the said facility is available.

Presently NECS/ECS facility is available at 15 centers of the Reserve Bank of India viz., Ahmedabad, Bangalore, Kolkata, Chandigarh, Chennai, Guwahati, Hyderabad, Jaipur, Kanpur, Mumbai, Nagpur, New Delhi, Patna, Pune and Thiruvananthapuram. This facility is available only for payment up to a maximum amount of ₹5 lakhs.

Shareholders holding shares in physical form wishing to participate in this scheme may please fill in the NECS/ECS Mandate Form printed overleaf in eligible English, sign and return the same to the Company/Registrar and Share Transfer Agent. Please note that the information provided by you should be accurate and complete in all respects and duly certified by your bankers. In lieu of the bank certification, you may attach a blank cancelled cheque or a photocopy of a cheque for verification of the particulars provided by you in the NECS/ECS Mandate Form.

The shareholders holding shares in electronic form in the depository system are requested to forward the NECS/ECS particulars to their depository participant for incorporation in their records. The depository would forward the required information to the Company at the time of payment of Dividend in a future date as and when declared/approved.

In case you require any clarification/assistance, please feel free to contact the Company.
